

Quilted Jacket

This jacket is easy to make because it has dropped sleeves.

I have free patterns for this one and muslins made up in several sizes for try ons.

Fabric:

2 1/2 to 3 yards cotton flannel or muslin foundation

2 1/2 to 3 yards cottons, silks, velvets, for the outside. Try to bring at least 8 different fabrics. More is better.

2 1/2 to 3 yards lining

Shoulder pads

3/4 yd iron on medium weight interfacing

Any embellishments you might wish to add. The jacket pictured has scrunched fabric and seminole patchwork. Please email me in advance if you wish to use either of these techniques. It also has buttons and beads.
